

Emirates

Flight Catering

FACTS ABOUT EKFC

Introduction

Emirates Flight Catering is the largest of its kind, with a total footage of 163,250 m².

EKFC produces an average of 220k meals per day for Emirates, over 100 other airlines and airport lounges.

EKFC has adopted the very latest concepts in processing, cold chain, food safety, environment, and energy saving.

We have incorporated the very latest in food production and automated equipment handling systems:

- Electrical monorail cart transport system (4.5km long)
- Bin conveyor and in-line buffer system (2.1km long)
- Warewash, cart washer & bin washer systems
- Automated food chilling system (11,000 sq m)
- Vacuum waste handling system (food safety and environment requirement) (avg. 140 tonnes waste/day)

Operational Facts

- Our monorail is designed to transport meal carts from the Warewash area to cart washer and on to flight prep.
- The system features the latest technology in the industry with a speed that is approximately 8-4 times higher than standard systems.
- An average of 3.1 million pieces of catering equipment are cleaned in our Warewash area per day.
- We have 2.55 km of overhead monorail lines.
- Over 20,000 meal carts, 3,000 bar carts & 14,000 standard unit containers are handled per day.
- Garbage is collected throughout the facility by a series of 600 metres of vacuum waste pipes that lead to a central waste collection point.

Number of

CHEFS	MENUS
1,400+	3,500+

Number of

EMPLOYEES	HI-LOADERS
10,000+	295+

Number of meals produced:
220K per day

Number of flights we cater to:
445 per day

Number of carts handled:
9,000 per day

Number of hairnets used:
6.2M per year

Food Facts & Figures P.A.

4,200 tonnes of Chicken Parts

1,350 tonnes of Liquid Pasterurised Eggs

950 tonnes of Basmati Rice

730 tonnes of Pineapple

600 tonnes of Pasta

310 tonnes of Lettuce

300 tonnes of Salmon

Environmental Facts & Figures

**accurate as of February 2023*

Aluminium recycled every year:

36,000 kg

Waste oil repurposed every year:

120,000 litres

Plastic recycled per month:

42 tonnes

Cardboard recycled every month:

205 tonnes

Paper recycled every month:

5.5 tonnes

Some Interesting Facts

We upload **8.7 million litres** of bottled water every year. This is equivalent to 3 Olympic swimming pools!

4.2 tonnes of roasted mixed nuts used annually for premium customers.

We provide a variety of **100** different cheeses, originating from **12** countries.

We supply over **40 million** butter and margarine portions per year.

Our Products

As part of our diversification strategy, we have developed some products for the retail market:

Emperor Ice Cream

Saponi Pasta

We also introduced Foodcraft, our e-commerce platform, and we have expanded our catering services to include Emirati Kitchen, an authentic catering option offering traditional Emirati and international menus.

Bustanica

In 2022 we opened the world's largest vertical farm in partnership with Crop One Holdings, Inc.

Bustanica's Facility

31,000 m²
developed over
three floors

1 million
cultivars growing at any
given time

27
growing units providing
diverse produce

Bustanica's Impact

Zero
fungicides, pesticides
& herbicides used

Over
250 million litres
of water saved annually

We empower
local sustainability
and strengthen food
security
